

===== You Should Be Happy =====

I don't know who you are but you should know that you should be happy that you're living on this world. And don't think that you're nothing. You're a princess, you're Hashem's child and be happy that you're a yid! I think you're a really good girl. I don't know who you are but I hear a lot from Esty about you. I really, really, really think that you're totally normal. You should really think that you're normal. You're a normal, solid girl and you're not a nothing. You're Hashem's child, Hashem's our father and He's our king. **You are the princess.** You are Hashem's princess! You should be strong, you should be happy. A yid is always supposed to be happy even when it's hard. Like some people, it's very, very hard for them. They go through many tzaros like people staying in the hospital or going on a certain medicine that makes their hair fall out. You have hair, you have a healthy body. You have everything. You have everything that a body needs. Some people that are sick have problems. You are healthy! Be happy that you're healthy! I give you a bracha that you should live till 135 and still be healthy and happy. You should be happy, happy, happy.
